California Public Utilities Commission
505 Van Ness Avenue, Hearing Room A
(Corner of Van Ness Avenue and McAllister Street)

The Telecommunications Division is hosting a workshop to discuss the Proposed Rules for Carriers' Short Term Inventory Levels addressed in the "Assigned Commissioner's Ruling Implementing Carrier Inventory Rules and Workshop" dated September 24, 2004.

Carriers' and other parties' technical experts should come prepared to discuss such issues as: how inventory rules based on historical use will affect carrier supply needs; whether another basis should be used for setting inventory rules; which numbering categories should be used to define historical use; how many NRUF periods should be considered in defining rules, and whether - and, if so, how - growth rate should be incorporated into inventory rules. Parties should also discuss the role marketing strategy should play in projecting six-month inventory rules. Carriers should be prepared to factually support their positions on historical use as well as future projections, especially as to marketing projections. Parties should provide any additional information they deem to be relevant in the shaping of any future inventory rules. In general, parties should provide supporting data to demonstrate their positions and arguments concerning need for numbers. Parties who wish to present alternate proposals for inventory rules should submit them in advance via email to Cherrie Conner (chr@cpuc.ca.gov) no later than Wednesday, September 29, 2004 at 5pm. Parties making presentations should plan to take no more than ten minutes to present their proposal, and they should come prepared to substantively support their proposal.

Pacific Gas and Electric Company, to revise its gas rates and tariffs to be effective July 1, 2005.

Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON SEPTEMBER 20, 2004, AND APPEARED IN THE CALENDAR OF SEPTEMBER 24, 2004. On September 15, 2004, Eric Eisenman, Chief of Regulatory Relations of Pacific Gas & Electric Company (PG&E), met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present were Rami Kahlon, advisor to Cmmr. Peevey, Brian Prusnek, advisor to Cmmr. Kennedy, Richard Myers and Eugene Cadenasso of the Energy Division and Sandy Lawrie, Team Leader, Energy Revenue Requirements, and Ray Blatter, Team Leader, Rates, PG&E. Written material (attached to the notice) was used. Eisenman stated PG&E's objectives for the proceeding including balancing account treatment for noncore distribution revenue, better aligning rates with the cost to provide service to various customer classes, and reducing seasonal volatility in residential bills. Lawrie explained that PG&E is proposing to recover a balance of about \$13 million in the Self-Generation Program Memorandum Account on an equal-cent-per-therm basis. Blattner advocated for a minimum transportation charges of \$5 per month for single family non-CARE customers, to reduce the differential between tier 1 and tier 2 residential rates, to decrease core averaging from 70% to 30%, and to allocate CARE costs to customer classes based on the

percentage of PG&E's gas transportation revenue requirement collected from each class.

9/24/04 R01-10-024 Order Instituting Rulemaking to Establish Policies and Cost Recovery Mechanisms for Generation Procurement and Renewable Resource Development.

Summary: On September 21, 2004, Erik Jacobson, Chief, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Pres. Peevey in San Francisco. Also present were Julie Fitch, advisor to Pres. Peevey, and Frank De Rosa, Director, and John Pappas, Manager, Power Contracts, and Mary Gandesbery, Attorney, PG&E. De Rosa and Gandesbery reviewed the status of PG&E's efforts to execute five-year SO1 contract extensions with existing qualifying facilities (QFs) and described some of the generic contract amendments being proposed by PG&E in these negotiations. De Rosa indicated that PG&E is on track to execute these contract extensions and that PG&E's long-run goal is to move QF prices to market and obviate the need for these SO1 contract extensions.

9/24/04 A00-11-038 Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs.

 A00-11-056 Pacific Gas and Electric Company, for emergency application to adopt a rate stabilization plan.

 A00-10-028 The Utility Reform Network, for modification of Resolution E-3527.

Summary: On September 21, 2004, Brian Cherry, Director, Regulatory Relations, Pacific Gas & Electric Company (PG&E), met with Mike Campbell, advisor to Cmmr. Lynch, and Julie Fitch, advisor to Pres. Peevey, in two separate meetings in San Francisco. In the meeting with Mike Campbell also participated Natalie Walsh and Steve Ross on behalf of the Office of Ratepayer Advocates. Erik Jacobson, Chief, Regulatory Relations, PG&E, and Bruce Foster, Vice President, Michael Hoover, Director, and Colin Cushnie, Director, for Southern California Edison Company (SCE) were also present. Written materials (copy attached to the notice) were used during the meeting with Mike Campbell. Cherry and Jacobson stated that the Settlement between PG&E, SCE and The Utility Reform Network results in a fair allocation of the above market costs of Department of Water Resources' contracts to San Diego Gas & Electric Company (SDG&E). Cherry and Jacobson described the inequity of the interim allocation method under which SDG&E pays none on these above-market costs and explained that the 'costs-follow-contracts' framework adopted in Cmmr. Brown's alternate decision would result in significant contract administration benefits.

Brown, with certain modification, as it most closely reaches the results PG&E, SCE, and The Utility Reform Network recommended in their settlement agreement and explained that adoption of Cmmr. Order Instituting Rulemaking to Implement Portions of AB117 concerning Community Choice Aggregation.

Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON AUGUST 26, 2004, AND APPEARED IN THE CALENDAR OF SEPTEMBER 9, 2004. On August 23, 2004, Mike Preston, Vice Mayor of the City of San Marcos (City), met with Cmmr. Wood in San Diego. Also present were Steve Weissman, advisor to Cmmr. Wood, and Rick Gittings, the City Manager. Vice Mayor Preston discussed the impacts associated with Community Choice Aggregation relating to not only the exit fee issue, as well as to direct access issues, but also the concept of investor owned utilities (IOUs) adding an additional "exit fee" in order to fully plan their resource allocation mix in the future if communities began buying energy for customers within their community, which are also customers of the IOU. The City representatives also discussed a Joint Powers Agreement between the City of Victorville and the City of San Marcos and explained how that might assist in generating new energy within the State of California, particularly energy that may be found and declared to be "renewable resources/green energy." The City representatives also noted the importance of the process and establishing the rules for AB 117 Community Choice Aggregation. The City representatives indicated their position as being in favor of Community Choice Aggregation.
